## GHANA MEDICAL ASSOCIATION (GMA) STATEMENT ON THE EXPLOSION AT APIATE

The Ghana Medical Association (GMA) is saddened by the tragic event that occurred at Apiate. We are shocked by the devastation caused to lives and properties at Apiate and the surrounding communities.

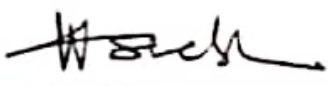

On behalf of the National Executive Council (NEC) of the GMA, we express our deepest condolences to families that have lost loved ones to this unfortunate event.

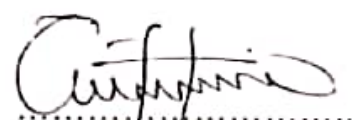

We also wish all injured persons speedy recovery. The GMA commends the National Emergency Response Team and volunteers for their efforts in the rescue exercise thus far.

We are grateful to all **Medical Doctors** and other healthcare workers especially those at the Tarkwa Municipal Hospital and other health facilities providing care for the injured.

We call on all Ghanaians to support the on-going rescue efforts and contribute their quota to help resettle the internally displaced persons occasioned by this tragic event. It is time to demonstrate the Ghanaian hospitality and communal spirit to our unfortunate country men and women and we believe in the resilience of the Ghanaian to overcome this tragedy.

Thank you.
