PRESS RELEASE

COMMENCEMENT OF TEMA-ACCRA SHUTTLE TRAIN SERVICE

Management of Ghana Railway Company Limited (GRCL) wishes to inform the general public that the Tema- Accra passenger service which was suspended temporarily for rehabilitation works is scheduled to resume on Monday, 18th July, 2022.

After successfully addressing some technical challenges, GRCL conducted series of test run and a final joint inspection was also carried out on 7th July, 2022 by GRCL and Ghana Railway Development Authority (GRDA) to ascertain the suitability of the line for passenger service.

GRDA, which is the industry regulator, has granted GRCL the approval to commence the shuttle service vide their letter No. ZA 121/384/02 dated 13th July, 2022.

The general public is being advised to bear with us, that as a start a restricted speed limit of 35km/h has been imposed on the movement of the train to enable our technical team continue addressing any teething problem that may emerge during these early stages of the resumption of the shuttle service.

There would also be other GRCL officials onboard the train to obtain the views and concerns of commuters to enable Management of GRCL address them to ensure smooth running of the passenger service to the best satisfaction of our clients.

The general public is hereby assured of our usual comfortable, safe and punctual shuttle service GRCL provides.

Thank you.
