Background

With clearance from BoG, the JRs collaborated with EOCO to investigate suspicious transactions relating to UT Bank and Capital Bank (In Receivership) in 2017

1 Background

- The Joint Receivers (“JRs”) in the course of discharging their duties in the receiverships of UT Bank Ghana Limited (“UT”) and Capital Bank Limited uncovered transactions that required further investigations.
- Based on relevant sections of Act 930, the JRs under the instructions of BoG, referred these transactions to EOCO to conduct additional investigations into the findings of the JR’s initial work.

2 Work done

- A number of these transactions were referred to the Attorney General’s Department (“AG”) by the Economic and Organised Crime Office (“EOCO”) for criminal prosecution.
- Some Directors/Key Management staff of UT and Capital Bank were charged by the State for various criminal offences.
- EOCO also assisted the JRs to take control of landed properties of Capital Bank in Dansoman and Cantonments.

3 Current status

- The JRs were key prosecution witnesses for the State in ongoing criminal proceedings in court.
- The JRs were cross examined by the Counsel for the defendants between 2020 and 2022.
- The status of the two cases as at August 2022 :
 - Capital Bank - the accused persons are currently being cross examined by the State.
 - UT Bank - the prosecution witnesses are currently being cross examined by the defendants’ counsels.

4 Next Steps

- The JRs will continue to assist the prosecution team in the ongoing cases.
- A representative for EOCO will be cross examined as a Prosecution witness following their investigation of UT and Capital Bank.
- The JRs will provide further additional documentation to the prosecution team as required.

With BoG's clearance, the Receiver collaborated with EOCO to investigate certain transactions relating to the 347 Microfinance Companies and 23 Savings and Loans and Finance House Companies in 2019

Collaborative Efforts
 The Receiver noted some irregularities in the course of his work

- In the course of assessing the financial position of the defunct Microfinance Finance Companies (“MFCs”) and Savings and Loans and Finance House Companies (“S&Ls”), it was noted that there was a mismatch in the assets and liabilities as reported by these institutions. In addition, there were transactions that required further investigation to determine their legitimacy.
- The Receiver engaged EOCO’s assistance to jointly investigate the operators of the resolved Special Deposit-Taking Institutions (“SDIs”), following clearance by BoG.

 With BoG's clearance, the Receiver has referred some matters to EOCO for criminal investigations

Key issues submitted to EOCO are as follows:
